RE: Canadian Lakeview Estates Wastewater Rate Increase

Dear Customer,

Please be advised that Wastewater rates for Canadian Lakeview Estates will be increasing, effective April 1, 2024. These new rates will be reflected on your April bill.

Several residential rate structures currently exist at CLE – brought in over the years by successive developers. Corix is implementing a single rate structure for the community to eliminate these rate inequities. Prudent and fair utility practice is to have a single rate structure for all customers.

Additionally, the cost of resources and supplies has escalated significantly over the last three years and these changes are required for continued safe and effective wastewater treatment, and to ensure the financial health of your utility.

The following table illustrates the new rates, effective April 1, 2024.

2024 Wastewater Rates:

Residential Availability Rates	(New) 01-Apr-2024
Quarterly Residential Availability	\$279.39
Residential Flat Rates	(New) 01-Apr-2024
Quarterly Residential Rate	\$399.13
Quarterly Condo/Apartment (\$379.17/unit)	\$12,891.78

Should you have questions regarding this notice, please contact Corix Customer Care at customercare@corix.com or **1-877-788-7277**, Monday to Friday from 9 AM to 5 PM.

Sincerely,

Corix Customer Care
