Attention: Ms. Erica Hamilton, Commission Secretary

**RE: Corix Multi-Utility Services Inc. ("Corix") Application for a CPCN for Phase 1 of the Neighbourhood District Energy System at the University of British Columbia – Filing of Energy Services Agreement and Related Documents**

---

Related to the Corix CPCN Application for the UBC NDES, attached is a draft Energy Services Agreement in the form that UBC and Corix will be working to finalize over the next few days. Included with the Energy Services Agreement are the following schedules:

Schedule A	Form of Customer Agreement
Schedule B	Design Guide for Compatibility with District Energy
Schedule C	Thermal Energy Delivery Parameters Document
Schedule D	Form of Statutory Right of Way
Schedule E	Developer-Provided Energy Transfer Station Requirements
Schedule F	Supplementary Terms and Conditions of Construction Use

While these documents are still in draft form, Corix believes they are unlikely to change on substantive matters when they are finalized, and filing them at this time will allow all parties the opportunity to review the materials.

Eight (8) hard copies of these materials will be sent to you offices within the next few days.

I you have any questions please contact me or Michelle McLarty (604) 697-6782.

Sincerely yours,

**Corix Multi-Utility Services Inc.**
